ROUTERS

SoHo/SME Routers

| Product Name | DSL WAN | Ethernet WAN | Firewall Mb/s | IPsec VPN | Wireless |
|---|-----------|---------------------|---------------|-----------|----------|
|  Vigor 2136ax | | ● | 2.3G | 390 | AX3000 |
|  Vigor 2763 | VDSL/ADSL | ● LAN Switchable | 950 | 150 | |
|  Vigor 2763ac | VDSL/ADSL | ● LAN Switchable | 950 | 150 | AC1300 |
|  Vigor 2767 | VDSL/ADSL | ● LAN Switchable | 2.3G | 300 | |
|  Vigor 2767ax | VDSL/ADSL | ● LAN Switchable | 2.3G | 300 | AX3000 |
|  Vigor 2865 | VDSL/ADSL | ● | 1.3G | 800 | |
|  Vigor 2865ax | VDSL/ADSL | ● | 1.3G | 800 | AX3000 |

ROUTERS

SoHo/SME Routers

| Product Name | DSL WAN | Ethernet WAN | Firewall Mb/s | IPsec VPN | Wireless |
|---|---------|--------------|---------------|-----------|----------|
|  Vigor 2927 | | ● | 1.8G | 800 | |
|  Vigor 2927ax | | ● | 1.8G | 800 | AX3000 |
|  Vigor 2928 | | ● | 9.3G | 430* | |

* Without H/W acceleration. H/W acceleration will be added as a f/w update

ROUTERS

5G/4G/LTE Routers

| Product Name | DSL WAN | Ethernet WAN | Intergrated 5G/4G/LTE | IPsec VPN | Wireless |
|--|-----------|--------------|-----------------------|-----------|----------|
|  Vigor 2865L-5G | VDSL/ADSL | ● | ● | 800 | |
|  Vigor 2865Lax-5G | VDSL/ADSL | ● | ● | 800 | AX3000 |
|  Vigor 2927Lax-5G | | ● | ● | 800 | AX3000 |
|  Vigor C410ax | | ● | 4G LTE | 340 | AX3000 |
|  Vigor C510ax | | ● | ● | 340 | AX3000 |
|  Vigor 2767ax-4G | VDSL/ADSL | ● | 4G LTE | 300 | AX3000 |

ROUTERS

DrayTek routers are reliable and flexible for home offices and SMEs. They include a built-in xDSL modem, LTE modem, multi-subnet configurations, access point, switch management and more. With advanced features such as Quality of Service, content filtering, and high performance VPN capabilities, DrayTek has everything you need for your business networking requirements.

Firewall & Content Filter

Manage Internet access with Firewall, App Enforcement & Category-based Web Filtering.

DrayDDNS with Let's Encrypt Certificates

Free DrayDDNS address for each router, with automated Let's Encrypt SSL/TLS Certified.

SSL VPN & VPN Matcher

Connect remote workers easily with SSL VPN. VPN Matcher helps to resolve NAT issues.

Central AP Management

Easily manage and provision DrayTek VigorAP access points and VigorSwitch switches.

Quality of Service

Prioritise latency-sensitive applications on your network with Quality of Service (802.1p and DSCP) support.

High Availability

Connect two DrayTek routers together for a hardware backup solution with config sync.

Enterprise Routers

| Product Name | Concurrent WANs | Total Max Firewall Throughput | VPN Tunnels | IPsec VPN | Central AP Mngt | SSD Storage |
|--|-----------------------------|-------------------------------|-------------|-----------|-----------------|-------------|
|  Vigor 2962 | 6 (Ethernet, Wireless, USB) | 2.4Gbps | 200 | 800Mbps | 50 | |
|  Vigor 3912 | 6 (Ethernet, Wireless, USB) | 12.5Gbps | 500 | 5Gbps | 50 | |
|  Vigor 3912S | 6 (Ethernet, Wireless, USB) | 12.5Gbps | 500 | 5Gbps | 50 | 256GB |

SWITCHES

Find the ideal switch from our portfolio to match your business needs and enhance your infrastructure. A DrayTek switch delivers the same reliable, efficient, and secure experience you expect from our routers.

Central Site Management

Easily configure switches remotely with a DrayTek Vigor router or VigorConnect.

Quality of Service

Improve the performance of critical traffic by prioritising the traffic with CoS, DSCP, and IP Precedence tag.

IP Conflict Prevention

Improve network stability by avoiding IP conflicts by a misconfigured or malicious host.

Rack Mountable

Includes rack mount fittings to fit in any 19" rack with 1u height.

Link Aggregation

Combine two physical interfaces into one logical link, to deliver higher bandwidth and benefits from resilience by using two ethernet connections.

Dynamic MAC-based VLAN

Network port changes are easier to manage with MAC-based VLANs automating port re-configuration.

Switches

| Product Name | RJ-45 (GbE) | RJ-45 (2.5GbE) | SFP | PoE (PD) | Switch Mngt | Advanced L2/L2+ | Redundancy Power | Stacking |
|--|-------------|----------------|--------|----------|-------------------------------|-----------------|------------------|----------|
|  FX2120 | N/A | | 12x10G | | Yes | Yes | | |
|  G1080 | 8 | | | | Vigor Router/ VigorConnect | | | |
|  G1282 | 24(+4) | | 4x1G | | Yes | | | |
|  G2100 | 8 | | 2x1G | | Yes | Yes | | |
|  G2282x | 24 | | 4x10G | | Yes | Yes | Yes | Yes |
|  G2542x | 48 | | 6x10G | | Yes | Yes | Yes | Yes |
|  P1281x | 24 | | 4x10G | Yes | Yes | | | |

SWITCHES

Switches

| Product Name | RJ-45 (GbE) | RJ-45 (2.5GbE) | SFP | PoE (PD) | Switch Mngt | Advanced L2/L2+ | Redundancy Power | Stacking |
|--|-------------|----------------|-------|-------------------------|--------------|-----------------|------------------|----------|

|  Q2300x | | 24 | 6x10G | | Yes | Yes | Yes | Yes |
|  Q60x | | 5 | 1x10G | | | | | |
|  Q1070x | | 5 | 2x10G | Yes | Vigor Router | | | |
|  PQ2300xb | | 24 | 6x10G | 8x PoE ++ & 16x PoE+ | Yes | Yes | Yes | Yes |

ACCESS POINTS

Enhance your business's Wi-Fi signal coverage and eliminate dead zones effortlessly with DrayTek Access Points.

Central Management with VigorACS

Manage VigorAP's from the cloud with DrayTek VigorACS.

Mesh Wireless

Link DrayTek VigorAP access points over wireless with Mesh. Mesh Auto configures wireless links.

Router-based Central Management

Manage, monitor and provision VigorAP's connected to a DrayTek Vigor Router.

WPA3 Security & VLANs

Support the latest Wi-Fi security standard. Segment wireless networks with VLANs and WPA3-Enterprise.

Wireless Optimisation

Band Steering, Airtime Fairness and AP-Assisted Mobility features improve wireless network efficiency.

Mobile Device Management

Visualise client data usage and control client access through the VigorAP's advanced web interface.

Access Points

| Product Name | Wireless Capabilities | LAN Ports | PoE | AP Mngt Compatible | Outdoor | Fitting Type |
|--|-----------------------|------------------|-----|--------------------|---------|--------------|
|  VigorAP 805 | AX3000 | 1 x GE 1 x 2.5GE | | Yes | | Desk |
|  VigorAP 905 | AX3000 | 1x 2.5GE 4x GE | Yes | Yes | | Desk/Wall |

ACCESS POINTS

Access Points

| Product Name | Wireless Capabilities | LAN Ports | PoE | AP Mngt Compatible | Outdoor | Fitting Type |
|--|-----------------------|---------------------|-------------------------------|--------------------|---------|--------------|
|  VigorAP 912C | AC1200 | 1x GE | Yes | Yes | | Wall/Ceiling |
|  VigorAP 918R | AC1300 | 1x GE | Yes | Yes | Yes | Wall/Pole |
|  VigorAP 918RPD | AC1300 | 2x GE | PoE-PSE requires VigorPoE 600 | Yes | Yes | Wall/Pole |
|  VigorAP 962c | AX3000 | 1x 2.5GE | Yes | Yes | | Wall/Ceiling |
|  VigorAP 1062c | AX6000 | 1x 2.5GE | Yes | Yes | | Wall/Ceiling |
|  VigorAP 1070C | BE19000 | 1x 10GE 1x 2.5GE | Yes | Yes | | Wall/Ceiling |

MODEMS

When selecting a DSL modem for your network, it's crucial to consider your specific requirements. DrayTek offers a range of models equipped with G.fast, VDSL, and ADSL2+ modems. These modems are perfect for connecting a router without a built-in modem. DrayTek's DSL modems also provide dependable connectivity, excellent performance, and compatibility that meet Openreach MCT specifications.

Add DSL Connectivity to any Router

Ideal Partner device for DrayTek dual-WAN products or any other vendor's Ethernet WAN firewall.

Two Gigabit LAN Ports

Connect two devices with 2 Gigabit (10/100/1000Mbps) LAN ports.

Wall or Shelf Mountable

Can be installed securely on a wall or shelf with screw fixings to hold it in place.

SoGEA Compatible

Compatible with Openreach SoGEA connections of up to 80Mbps broadband without a phone line.

No Setup Needed

Work as a modem with most ISPs, straight out of the box. Pre-Configured to work with most UK ISPs.

SIN 498 Compliant

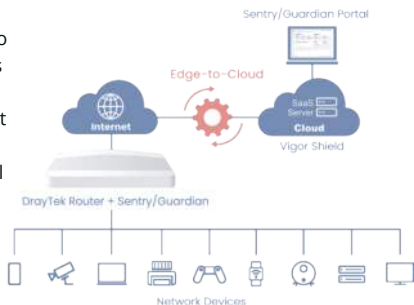

Designed for Openreach's VDSL FTTC network and follows their SIN 498 specification.

Modems

| Product Name | DSL WAN | Routing Capabilities | Bridge Mode |
|---|--------------------|----------------------|----------------|
|  Vigor 166 | G.fast/VDSL/ADSL2+ | Router Mode | Pre-configured |
|  Vigor 167 | VDSL/ADSL/ADSL2+ | Router Mode | Pre-configured |

Threat Protection

VigorShield is an intelligent cybersecurity solution designed to protect today's mixed environments of laptops, smart devices, and unmanaged IoT/OT equipment. Built with advanced AI detection, network-level protection, and virtual hot patching, it automatically identifies threats, blocks attacks, and keeps vulnerable devices secure even when they can't be patched or updated

Automated Asset Visibility

- Auto-detects and fingerprints connected devices
- Converts "unknowns" into manageable groups

Vulnerability Protection

- DPI-based protection against exploit and command-injection patterns
- Mitigates CVE risk when patching is delayed

Agentless Coverage

- Protects unmanaged IoT/OT without endpoint agents
- Ideal for hard-to-patch and legacy devices

Least-Privilege Access Control

- Least-privilege access by device type
- Limits lateral movement and unnecessary outbound traffic

Actionable Reporting

- Clear events and reports for faster triage
- Audit-ready visibility without extra tooling

Lower IT Overhead

- Fewer manual rules and ongoing tuning
- Reduces day-to-day maintenance workload

Faster Time-to-Protection

- Gateway-based protection for all LAN devices and traffic
- Faster rollout for branches and small offices

Always-Current Defense

- Cloud-delivered updates keeps protection up to date

Enhancing Security: URL Reputation (Web Content Filtering)

Protect your network and users from unwanted web content with DrayTek's URL Reputation content filtering software. Using the WCF makes it challenging for users to bypass compared to software solutions installed on individual devices. You can now block adult material for children, time-wasting sites for employees, malware or virus-ridden websites and confidential data leaving your network.

Take Control of Your DrayTek Router with Your Mobile Phone!

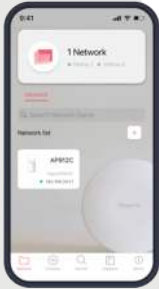

Managing your router has never been easier. The DrayTek Applications allows you to control your network with just a few taps on your phone. Enjoy a user-friendly and intuitive platform that simplifies and improves your networking experience whilst on the go.

DrayTek Applications:

- **DrayTek Smart VPN**
- **DrayTek Wireless**
- **DrayTek Router**
- **DrayTek Vigor SMS**

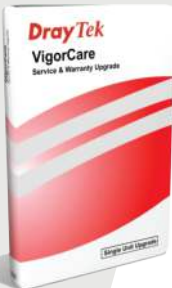

Business Class Managed Wireless Access Points

- DrayTek Wireless App, available for free download in the iOS App and Google Play stores
- Central Management of your routers, switches, and APs via the VigorACS platform
- Single site management for up to 100 APs with VigorConnect
- Router-based and AP-based Central AP Management
- Built-in web interface

VigorCare Enhanced Warranty: Additional Peace of Mind

Our team of experienced support technicians can assist with diagnosing any issues and determine whether it needs to be serviced or replaced. If a replacement is necessary, we will send out a new unit on the same day for delivery the next working/business day (available to most of the UK)

With VigorCare, you can benefit from an extended warranty of up to 3 or 5 years, ensuring that you won't have to pay for parts, labour, or replacement if a warranty fault does develop.

Increase Your Reach with a Magnetic Base And Extension Kit for LTE 4G & LTE Aerial

Our magnetic base and extension cable products are useful accessories for using a DrayTek Vigor router with an LTE modem.

This is fundamental if your router is installed in a comms cabinet, as signal quality will be severely affected if the antennae are placed inside. Using the 1M extension cable to position the antennae outside the cabinet and the magnetic base to attach them to the side of the cabinet (if it's made of magnetic metal), you'll enjoy uninterrupted, high-speed connectivity.

SFP Direct Attach Cable: Powering Your High-Speed Connections

Making data transmission simple, an SFP direct attach cable is an interlinking cable that can be used to connect switches, routers, servers and storage devices. It's the ideal addition to any business that relies on high-bandwidth internet usage and can support up to 10GB/second speeds.

Boost Your Wireless Reach with DrayTek Aerials

Enhance the coverage or connection speed of your Vigor router's wireless LAN, by upgrading to a higher gain antenna. Standard two or 3dBi gain antennas come with the router, but a higher gain antenna can provide a boost, mainly if your coverage area is on the borderline.

For optimal signal direction, a unidirectional antenna is the perfect option. It improves transmission strength and receive sensitivity and avoids interference or traffic from other networks in different directions, for increased range and security.

Supercharge Your Outdoor Connectivity with the High-Power PoE Injector

Power the VigorAP 918RPD using the DrayTek VigorPoE-600 High-Power PoE Injector. This will provide power to the device and also enable the VigorAP 912RPD to power additional devices through the secondary LAN port.

Unlock Stronger Signal with the Outdoor 4G & LTE Antenna

The Outdoor 4G Antennas for DrayTek LTE Routers can enhance the signal strength of 4G, 3G, and LTE connections for DrayTek Vigor LTE routers. By positioning the antenna in a spot with a strong signal, coverage can be extended, and speeds can be improved.

VigorACS

Discover the power of VigorACS, DrayTek's advanced cloud network management platform designed for seamless integration with DrayTek routers, access points, and switches. VigorACS offers comprehensive solutions for configuration, monitoring, and management of your network assets. With automated firmware updates, real-time notifications, and intelligent SD-WAN traffic management, VigorACS ensures optimal performance for critical applications. Choose the Self-Hosted edition for full control on your server or opt for the hassle-free Cloud Premium edition, hosted in a UK datacentre, ideal for smaller networks.

Streamline Your Setup with the Rack Mount Kit

Optimise your space and elevate the organisation of your tech setup. The rack mount kit seamlessly fits into a standard 19-inch rack, ensuring your Vigor routers (check compatibility) are secure and easily accessible.

Unlock Exclusive DrayTek Benefits

Join the DrayTek family and gain access to a world unparalleled networking solutions, tailored updates, and exclusive.

Never Miss Out: Be the first to receive the latest firmware updates, ensuring your DrayTek devices operate at peak performance.

Why Not Join the DrayTek Partner Programme and Elevate your Business?

As an official DrayTek Dealer/Partner, you can access many benefits, including Exclusive Pricing, Early Access to New Products, Beta Programmes, Sales and Pre-sales Support, Solution Architects, Expert Training and more.

AWARDS

WINNER

Best Router Manufacturer

DrayTek have a proud range of routers that aim to provide quality and efficiency. Not only is this proved by their continuous user feedback, reflected in their collection of 14 PC Pro awards.

WINNER

Specialist Vendor of the Year

Vendor that manufacture (and/or market) particular 'specialist' offerings. This includes both specialist products which a vendor may develop and/or a service that the vendor may offer.

WINNER

New Product of the Year

Vigor 2927LAX 5G router was named New Product of the Year. This accolade recognizes the router's powerful integration of 5G capabilities and WiFi 6 technology.

WINNER

Networking/Comms Vendor of the Year

Vendor that demonstrates technical superiority, compatibility, or innovation in advancing the computer market and/or impactful campaigns or strategies that have successfully raise the business.

Take your business network to the next level

Upgrade your network to DrayTek's flexible solutions.

Our wireless products and services are designed to meet your requirements, whether you're establishing a new network or enhancing an existing one. DrayTek provides reliable, secure, and effective connectivity backed by our UK and Ireland-based support, sales, and pre-sales and product architects' team.

Our feature-packed products come with complimentary firmware upgrades, access to technical support and extended warranty options, certified qualification courses and central management. Additionally, explore our new partner program for exclusive offers.

Need Assistance with DrayTek? We're Here to Help

For our UK & Ireland Customers:

If you're based in the UK or Ireland and need assistance or have any questions, don't hesitate to reach out to us.

For UK Enquiries:

- Email: info@draytek.co.uk
- Phone: 0345 557 007
- Web: www.draytek.co.uk

For Ireland Enquiries:

- Email: info@draytek.ie
- Phone: 0818 000 939
- Web: www.draytek.ie

Outside the UK & Ireland
